A DAY AT AURA

FROM FIRST LIGHT TO AFTER DARK

A day at Aura begins in stillness. Morning light moves through the villa, revealing the quiet character of each surface: mineral, tactile and softly imperfect.

As the hours pass, the spaces become more expressive. Colour emerges, reflections deepen and materials respond to the changing atmosphere.

From private morning rituals to the energy of the restaurant after dark, ceramic becomes part of the architecture and the experience of the place.

A journey through light, matter and time.

DESDE LA PRIMERA LUZ HASTA LA NOCHE

Un día en Aura comienza en la calma. La luz de la mañana atraviesa la villa y revela el carácter sereno de cada superficie: mineral, táctil y delicadamente imperfecta.

A medida que transcurren las horas, los espacios se vuelven más expresivos. Aparece el color, los reflejos se intensifican y los materiales responden a una atmósfera en constante transformación.

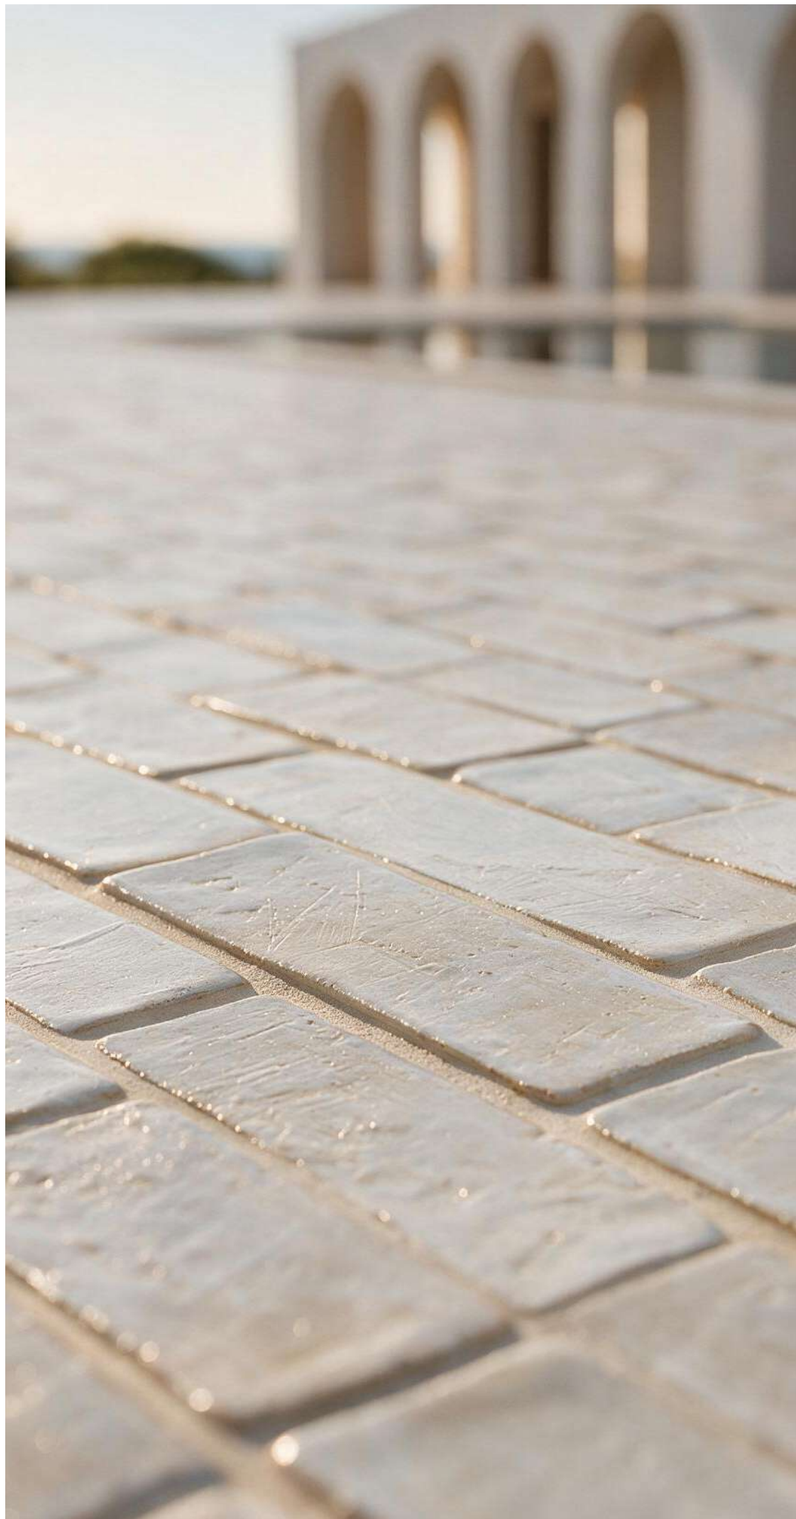

Desde los rituales íntimos de la mañana hasta la energía del restaurante al caer la noche, la cerámica pasa a formar parte de la arquitectura y de la experiencia del lugar.

Un viaje a través de la luz, la materia y el tiempo.

antic

en

The originality of the carefully glazed, aged and distressed clay makes it truly unique.

Handcrafted, each piece retains the subtle imperfections, nuances and traces of the artisanal process, making it one of a kind.

The aged and distressed finish lends it a serene beauty, as though time itself had left its story upon the surface.

es

La originalidad del barro envejecido, esmaltado y desgastado cuidadosamente lo hace único.

Hecha a mano, cada pieza conserva las pequeñas imperfecciones, los matices y las huellas del proceso artesanal, lo cual la convierte en algo irrepetible.

El efecto envejecido y desgastado aporta una belleza serena, como si el tiempo hubiera dejado su historia sobre la superficie.

ROYAL STONE

es

Donde la belleza atemporal se encuentra con el diseño contemporáneo.

Inspirada en la serena majestuosidad de la piedra natural, Royalstone transforma la arquitectura en una experiencia de luz, textura y serenidad. Sus sutiles variaciones minerales y sus tonos cálidos y refinados crean espacios majestuosos y profundamente acogedores. Una colección concebida para trascender las tendencias, aportando carácter perdurable, elegancia natural y una sensación de armonía a cada ambiente.

en

Where timeless beauty meets contemporary design.

Inspired by the quiet grandeur of natural stone, Royalstone transforms architecture into an experience of light, texture and serenity. Its subtle mineral variations and warm, refined tones create spaces that feel both majestic and deeply welcoming. A collection designed to transcend trends, bringing enduring character, effortless elegance and a sense of harmony to every setting.

100% RECICLADO. 100% COMPROMETIDO.

Diseñamos pensando en el presente y en el futuro. Este producto incorpora vidrio 100% reciclado, procedente de vidrio plano recuperado y transformado para darle una nueva vida. A través de procesos controlados de selección, limpieza, trituración y acondicionamiento, recuperamos un material que vuelve a formar parte de un nuevo ciclo productivo. El resultado es un producto que combina diseño, innovación y conciencia medioambiental, poniendo en valor los materiales recuperados y apostando por un modelo de producción más circular.

100% vidrio reciclado.

100% RECYCLED. 100% COMMITTED.

We design with both the present and the future in mind. This product incorporates 100% recycled glass, sourced from reclaimed flat glass that has been processed to give it a new life. Through controlled sorting, cleaning, crushing and conditioning processes, we recover a material that becomes part of a new production cycle. The result is a product that combines design, innovation and environmental awareness, recognising the value of reclaimed materials and supporting a more circular production model.**

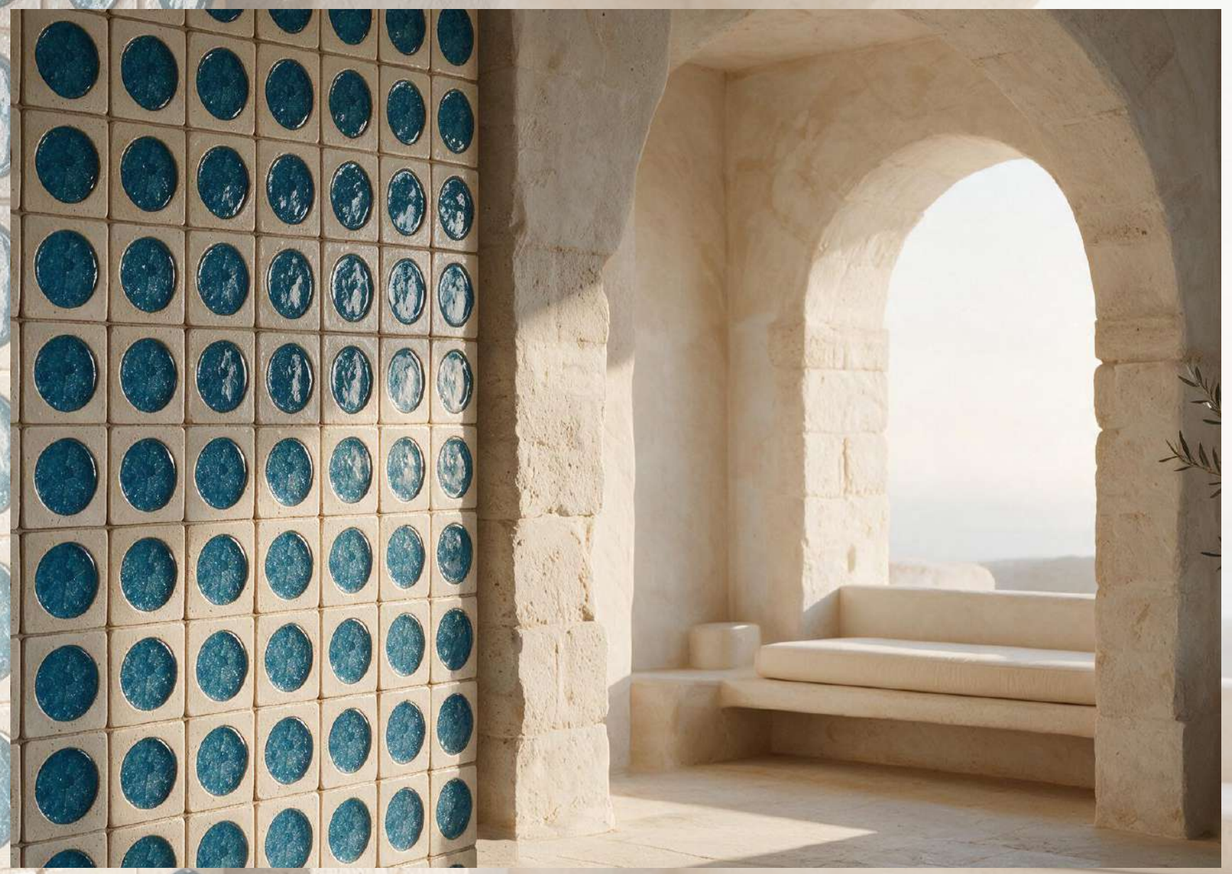

100% recycled glass.
